TRIFEXIS is HERE !

Our new Flea & heartworm product TRIFEXIS has arrived. This is a once monthly pill that KILLS fleas and prevents heartworm for one month. Anyone currently using SENTINEL should consider switching their dog to this new product since SENTINEL does not kill fleas. TRIFEXIS is a very safe and effective product that gives you the convenience of flea and heartworm in a single pill.

We are also offering BULK DISCOUNTS on purchases of all our flea and heartworm products. ***The more you buy the more you save*** so ask the receptionists when you visit us to see how much you can save by buying in bulk.

Special points of interest:

- Dental month
- Pet picture competition
- Amelias profile
- Name the breed

Pet Dental care month extended

Due to demand we have decided to extend our dental month through March. A 15% discount will be given on any dental procedure booked in March. If you are interested in taking advantage of this

offer please call the office at 315 568 9449.

Pet Picture Competition

Everyone loves taking photographs of their pets. We love seeing pictures of your pets and so we have decided to have a monthly pet photo competition.

All you have to do is take a picture of your pet and drop it off at the hospital. If you would like your photo returned make sure to put your name and address on the back of the photo.

Don't have a camera? No problem. You can draw a picture of your pet instead.

Each month we will pick a winner and you will win a bag of treats for your pet AND your photo or drawing will be featured in our next newsletter.

Have you seen our website?

Have you ever wondered what goes on beyond the waiting room and exam room at Seneca Falls Veterinary Hospital? You can find lots of pictures and information on our website.

Go on our website and take a tour of our facility and

learn more about what we do "behind the scenes". We have a state of the art facility with all the equipment necessary to take the best care of your pet.

Visits us at
www.senecafallsvet.com

Name the breed

Do you know what breed of dog this is?

This dog is a Shih Tzu. Shih Tzus are one of the oldest breeds known. The name means Lion Dog in Chinese.

Shih Tzus were originally bred in China .

They have a very long coat, large eyes, and come in a variety of colors. They are very loyal and affectionate dogs that have a huge heart and personality tucked into their little bodies.

Staff Profile: Amelia Jane Lindley :Customer care specialist

I'm sure most of you who have visited our office already know Amelia Jane Lindley. She is the friendly face that often peeks over the reception counter. If you stay long enough she will likely bring a toy for you to throw. If you throw it for her she will be your friend for life!

Amelia was born in the Caribbean and adopted

as a puppy by Dr Lindley. She has 2 brothers- Maverick and Mulligan.

Being from the Caribbean Amelia loves walks on the beach, swimming and lying in the sun. She is 5 years old. So next time you visit us be sure to keep an eye out for Amelia Jane doing what she does best-Loving everyone.

Monday late night opening

We know how difficult it is to find time to take your pet to the vet with your busy schedule. Our current late night (Thursday) books up very quickly, especially in the summer. We have decided

to stay open late a second night for the spring and summer. We are pleased to announce that we will be open until 7pm on MONDAY evenings as well as our usual THURSDAY evening. We

suggest you call if you would like to come in for a late appointment as space is limited and we anticipate they will book up quickly.

Check out our Heartworm poster at the office to find out about heartworm disease
